

Whittlesea Community Centre

WHITTLESEA | MARCH 2014

ARCHITECT: Whitefield McQueen Irwin Aslop

BUILDER: Contract Control Services

EST. PROJECT VALUE: \$8 Million

BRITEX PROJECT MANAGER: Mr. John Doolan

BRITEX PROJECT ROLE

The redevelopment of the Whittlesea Community Centre would not be complete without the addition of multiple commercial kitchens for communal use. These would serve as the headquarters for food preparation, service and storage. Britex were engaged to consult in the design, fabrication and installation of two fully equipped commercial kitchens that took into consideration usage, space and storage solutions.

Elements of the commercial kitchens provided include:

- Dishwasher inlet and outlet benches
- Fire rated S/S wall cladding
- Server benches
- Wet and Dry Benches
- Custom bench tops

(L-R) Britex Dry Bench with Undershelf and Britex high impact adjustable legs, A view of Commercial Kitchen #1 including wet and dry bench, A view of commercial kitchen #2 including custom stainless frame and server bench not shown.

ABOUT

The Whittlesea Community Centre (CAC) aims to provide Whittlesea residents with a state-of-the-art community hub, which will offer a host of additional facilities, meeting spaces and storage.

Key elements of the redeveloped CAC include: a new memorial hall that can cater for up to 200 people, and be used for social functions, 2 new maternal and child health consulting rooms, a new maternal and child health program room, a new, larger kindergarten room with increased capacity, accommodating 33 children (up from 25), a new multipurpose early years area providing extra space for occasional care programs and playgroups, 2 new multipurpose meeting rooms, provision for a future library, larger kitchen spaces, new administration area, more storage space, enhanced staff amenities.
