

Melbourne Airport Warehouse Facility

TULLAMARINE, VIC | FEBRUARY 2022

PLUMBER: CBS Plumbing

BRITEX PROJECT MANAGER: Britex VIC

Designing smart stainless solutions, these custom Britex fixtures installed at Melbourne Airport Business Park are ideal for high volume facilities.

Alongside CBS Plumbing, Britex was involved in the bathroom refurbishment project at this Melbourne Airport Warehouse Facility. With custom products including our hand wash trough, Britex integrated stainless steel lockable doors and open holes with lead-in edges for bins, conveniently fit for purpose and highly durable.

Other Britex products featured in this project include:

- Multiple Britex Stainless Steel Custom Hand Wash Troughs
- Britex Stainless Steel Sanistep Urinal (USAN)
