

Southern Remand Centre - Risdon Prison

HOBART, TAS | MARCH 2022

ARCHITECTS: Xsquared Architects
Guymer Bailey Architects

BUILDER: Hansen Yuncken

PLUMBER: Cooke & Dowsett

BRITEX PROJECT MANAGER: Britex VIC

BRITEX are proud to have been involved in the fit-out of the observation cells for the new Southern Remand Centre that is connected to the existing Risdon Prison Complex. Located in Hobart Tasmania, the \$79 million project from the Tasmanian Department of Justice aims to upgrade and improve current holding and shared correctional facilities.

Working together with Xsquared Architects, Guymer Bailey Architects, builders Hansen Yuncken and plumbers Cooke & Dowsett, Britex provided stainless steel fixtures including our Security Combination Unit and Security Privacy Panels. Robust, durable and anti-ligature, the Britex Security Range delivers products with optimal vandal resistance for prisons, holding cells and correctional facilities.

BRITEX products featured in this project include:

- Multiple Britex Stainless Steel Security Combination Units (SCU)
- Multiple Britex Stainless Steel Security Privacy Panels
- Multiple Britex Stainless Steel Security Toilet Roll Holder (STRH-RF)

(L-R): Top - A view of Southern Remand Centre build project, view of Britex Stainless Steel Security Privacy Panel, view of Britex Stainless Steel Security Combination Unit and view of Britex Stainless Steel Toilet Security Roll Holder - Rear Fixed.

ABOUT

Tasmania has no separate remand facility, with remandees currently accommodated within the general prison population and dispersed throughout Tasmania Prison Service facilities. Building a new remand centre will mean remandees can be housed separately from sentenced prisoners, in line with best practice operational guidelines.
