

Altona Dog Beach Showers

ALTONA, VIC | FEB 2020

CLIENT: Hobson Bay City Council

BRITEX PROJECT MANAGER: Britex VIC

BRITEX PROJECT ROLE

Commissioned by Hobson Bay City Council as part of the PA Burns Reserve and Altona Dog Beach Upgrade, Britex supplied a set of purpose built, custom designed Vandal Resistant Stainless Steel Dog Showers. Accessible Drinking Fountains with additional Dog Bowl were also supplied.

The Customised Britex Dog Shower supplied included:

- 4 x Vandal Resistant Stainless Steel Square Dog Showers
- Manufactured from Marine Grade Stainless Steel
- Various heights supplied, 800mm and 1200mm options
- Integrated Lead Connectors
- Vandal Resistant Time Flow Tapware
- Multiple Shower Sets installed at different heights for small and big dogs
- Integrated Safety Grab Rails

(L-R): Custom Vandal Resistant Marine Grade Stainless Steel Square Dog Shower Columns, with integrated Vandal Resistant Shower Set Tapware installed at different heights for small and big dogs, integrated lead connector and integrated Safety Grab Rail. Also supplied were Accessible Drinking Fountains with integrated dog bowl.

ABOUT

Designed to be more user friendly and minimise conflict between different user groups, Hobson Bay Council upgraded the PA Burns Reserve and adjacent 24 hour Altona Dog Beach to create a haven for dogs and owners alike. Incorporating distinguished cyclist and pedestrian pathways, the upgraded master plan saw the inclusion of multiple look out points, tree and shrub planting works, fencing of off leash dog areas and designated Dog Shower/ Rinse areas.
