

# Penguin Parade Visitor Centre

PHILLIP ISLAND, VIC | 2019

**ARCHITECT** Terroir

**BUILDER** Kane Constructions

**PLUMBER** Geschke Plumbing Contractors

**BRITEX PROJECT MANAGER** Britex VIC

The abstract design of the Penguin Parade Visitor Centre is just as memorable as watching the little penguins come ashore at Phillip Island.

Designed by architects at Terroir, BRITEX is proud to have worked alongside builders Kane Construction and plumbers Geschke on this project. We supplied a range of stainless steel sanitary and plumbing fixtures for the toilet blocks along the attraction.

Featuring our Britex Stainless Steel Ablution Trough with a custom splashback, we also provided accessible and ambulant toilets for the block fit outs. This included our hand basins, toilet pans and other washroom accessories. Ideal for public amenity projects, BRITEX products are vandal resistant and highly durable for areas with high foot traffic.

BRITEX products featured in this project include:

- Britex Ablution Trough (TABL)
- Britex Centurion Pan (PC)
- Britex Centurion Accessible Pan (PCD)
- Britex Centurion Ambulant Pan (PCAM)
- Britex Accessible Hand Basin (HBDA)
- Britex Wash Safe Timed Flow Lever Pillar Tap (TW-9108)
- Britex S.S. Jumbo Roll Toilet Paper Dispenser (BTX-06-046)
- Britex S.S. RHS 90° Flush Mount Wrap Around Grab Rail (BTR-01-036)
- Britex S.S. 90° Ambulant Grab Rail (BTR-01-058)

(L-R): Top - A view of Penguin Parade Visitor Centre, view of Britex Stainless Steel Hand Wash Trough, view of Britex Stainless Steel Centurion Accessible Pan, view of Britex Stainless Steel Wall Accessible Hand Basin and view of Britex Stainless Steel Centurion Ambulant Pan.

## ABOUT

An area once prime real estate has been transformed into a major wildlife sanctuary, with the growth of the penguin population underpinning and funding a broader wildlife conservation program. This in turn has led to the potential for expanded visitor experiences that focus on ecological and environmental tourism.
