

The Albion Hotel, South Melbourne

South Melb, VIC | 2017

CLIENT: The Albion Hotel

BUILDER: Visual Builders

ARCHITECT: ITN Architects

BRITEX PROJECT MANAGER: Mr. Paul Whitworth

BRITEX PROJECT ROLE

Our most specified urinal, the certified Britex Sanistep Urinal is the go to choice for public amenity and hospitality applications due to it being highly vandal resistant, hygienic and easy to maintain and clean.

Manufactured from durable 1.2mm grade 304 stainless steel, Sanistep urinals are hand fabricated and fully welded with sturdy reinforcement to the rear, providing a sound structural finish. They also incorporate a hinged floor grate to allow for ease of cleaning and feature our unique weir style sparge, which enables the water to flush in an even flow with minimum water and maximum efficiency.

When paired with a Britex Smart Sani Flush System the unit has the ability to further increase water efficiency. The touch-free Sensor is hidden from view, counts the users and only flushes as required saving thousands of litres in water per annum.

The Albion Hotel boasts a 4475mm long "L" Shape Urinal delivered and installed on site by our Britex Installation Team.

(L-R) The Albion Hotel Mens Bathroom featuring a 4475mm long Britex Stainless Steel Sanistep Urinal in 'L' Shape, delivered and installed on site by the Britex Installation Team.

ABOUT

Established in 2015, The Albion Hotel is South Melbourne's newest lifestyle venue and nightlife destination sprawling three floors with decadent lounge and dedicated function level and an incredible rooftop offering unprecedented views of the Melbourne CBD skyline. Its team of owners — includes ex-Collingwood AFL player Dane Swan and former rugby league legends Danny Williams and Robbie Kearns. The Albion Hotel is located at 172, York Street South Melbourne
